COURSE OVERVIEW

Currency management is one of the core functions of SBP Banking Services Corporation (BSC). The currency management move by SBP-BSC aims to build and maintain public confidence in the currency by preserving its value and integrity and by making available adequate stock of currency notes to meet the demand for currency and facilitate proper functioning of the economy. SBP-BSC, in line with market challenges of managing the currency of each branch and creating liaison within the banks, issued a complete strategy in 2015. It was followed by other instructions regarding effective and systematic management of cash. This one-day program will enable the participants to understand and comply with the SBP's instructions on currency management.

LEARNING OBJECTIVES

This course would enable the participants to understand, effectively implement and comply with the currency management strategy of SBP. The course is aimed at developing clarity on the subject among the participants, apart from suggesting smart ways for its compliance.
